- NVQ Level Three qualified Social Worker and Child Development professional.
- 5 years' experience working as a Senior Support worker with 'at risk' children in residential homes.
- CYQ Level Three award in Fitness and Exercise instruction.

"My belief is that soccer is a powerful tool. Soccer can be used to develop many physical, emotional and cognitive aspects. Soccer and sport by nature helps players recognise the importance of teamwork, communication, social cohesion and physical health and well-being. Development of soccer skills will be focused on with the above aspects also present."
